

# American Red Cross Adult and Pediatric First Aid/CPR/AED Blended Learning Course

Upon completion of this course participants should print out the certificate of completion and turn it in to their agencies HR, independent providers should keep a copy for their records. This is proof that you have met all of the American Red Cross certification requirements **except the in-person skills evaluation** which DODD has suspended until June 1<sup>st</sup> 2020 and the resolution of this crisis. When in-person classes resume we will be conducting **Renewal Courses** for people who have completed the online training. We will be utilizing **Renewal Courses** for the in-person skill sessions in order to address any retention issues that may arise as a result of the gap in time between completion of the online portion and the in-person skill demonstrations.
