

Jobs:

Families First Coronavirus Response Act: This bill was recently passed and has given a new definition of an employee to get benefits (now only working there for 30 days, etc.). I would encourage families to look this up if they are having issues/ concerns with their employers. The bill provides for free coronavirus testing, 14-day paid leave for those affected by COVID-19, and increased funding for food stamps.

Greater Dayton YMCA locations are being turned into Emergency Child Care Centers

From Dale Brunner, President and CEO of YMCA of Greater Dayton:

"Beginning Wednesday, March 18, 2020 our Coffman, Fairborn, South, Huber Heights, Kleptz, Preble, West Carrolton and Xenia YMCA Branches are being turned into Emergency Child Care Centers to provide critical childcare services to our communities first responders, hospital employees, health care workers, nursing home employees and grocery store workers. We want to make sure medical professionals and essential personnel in our community don't have to worry that their children are in a safe place, as they care for a growing number of our loved ones in need of medical attention."
