

GREENE COUNTY BOARD OF DD
Behavior Support Services

The Board offers behavior support services to any individual or family in need who qualifies for services. A mental health professional specializing in behavior therapy/support services is available to consult and work with your child in partnership with you the parent/care giver.

This person also specializes in autism and is an in-home PLAY Project Consultant. Her services are available in any environment.

All age ranges are served, including infants and toddlers. Services include direct service, consulting, counseling, behavior support program development, observations, and training.

Referrals to and collaboration with local mental health and other agencies occur as necessary for ongoing intervention, further assessment, or psychiatric services. The collaboration with the Team/Parents/Individual involved is believed to be of major importance.

All services are free of charge.
The child must be eligible & enrolled in services with
The Greene County Board of DD.
