

Upcoming Behavior Support Webinar Series Topics to be presented:

3/4/2021 – **Self Determination Theory**

4/8/2021 – **Trauma Informed Care:** We will explore the work of Mary Vicario and Sarah Buffie regarding Traumatic experiences and how they can shape and mold behavior. We will also explore different tools and techniques involved with a Trauma Informed Care Approach.

5/6/2021 – **Behavioral Strategies Handbag (tools) :** We will be exploring various behavioral strategies and supports in working with various behavioral concerns

6/3/2021 – **Communication (Non-verbal / Verbal)** look at the difficulties surrounding communication and also explore strategies and supports that can provide help for those who struggle with communication.

7/1/2021 – **Co-regulation / Engagement** – The importance of working with someone as opposed to going through the motions. Connecting on a more personal level. We will look at the concept of co-regulations and explore the importance of engaging and connecting with those we work with and serve.

Keep an eye out for more topics to continue through the year. List will be updated as the year goes on.

We will also be sending out a new link for each session prior to the session date.
