# ALL HANDS IN

Greene County Board of Developmental Disabilities

Est. January 2019

Did you know that a large portion of individuals with developmental disabilities have few relationships with people outside of their family? Did you know that many of the people in their lives are paid to be there? Did you know that this can negatively affect how individuals with disabilities interact with the community and pursue employment, recreation, and other basic opportunities?

## **Did you know there is something you can do to help?**

The Greene County Board of Developmental Disabilities (GCBDD) is seeking Greene County residents who would like to help the disability community live lives that are more connected. To do this, the GCBDD is creating the “All Hands In” network.

The All Hands In network is designed to help individuals with disabilities gain greater access to relationships and resources in the community. Do you have a special talent or skill that you would be willing to share with others? Do you have time or resources that could help someone live a more fulfilling life?

If so, we would like you to join the All Hands In network!
