

GROCERY HELP AVAILABLE TO SINGLE-MOTHER HOUSEHOLDS

NAME OF ORGANIZATION: ***Helping Our Families***

Krista Mainess, the Executive Director of the local nonprofit *Helping Our Families*, says that they can offer assistance to area single-mother families with groceries during the current health crisis. Krista attended the Greene County Linkage meeting back in February for the first time. A description of their offer to help clients with groceries appeared in the Linkage minutes from the May 2020 “e-meeting.” They are especially interested in helping **low-income single-mother families**. If you have a client who could benefit, please contact Krista at the number shown below. Here is all her contact information as well as the website for more information:
