

## what's happening

1. Community Job Shadow & "Field Trips"  
-An email will be sent with further information closer to the day. (About once a month)
2. Work Labs on Wednesdays  
-To teach new and/or reinforce work and independent living skills. Different work stations are set up in the classroom.
3. Independent Living on Wednesdays & Fridays  
-On Wednesday mornings, twice a month, we will head to the laundromat in two separate groups. On Wednesday afternoons, our interns workout via Live Zoom with Andrew from Montgomery DD. On Fridays, we cook a variety of different meals focusing on what interns could make at home without the use of a stove. Ex. Utilizing a Microwave and Air Fryer and other no bake snacks.

## Intern of the Month Brandon Cox

Brandon has been a super star intern. He has shown improvement with his work quality skills and in his independent living skills. He works hard and is a pleasure to have in class as well. Brandon is always smiling, dressed to impress and ready for his day. Keep up the hard work Brandon!

- Please ensure your young adult is staying active and building his/her stamina at home.
- Have your son or daughter be more involved in household chores daily.
- Consider opening a checking account to prepare them for direct deposits and using a debit card.
- Have your intern follow recipes and help make meals at home.
- Remind them to set their own alarm clocks and pack their own lunches.
