

The Parent Support and Advisory Council's goal is to create an interactive, collaborative group providing input to the board on issues and topics; to receive board updates on crucial or critical updates; and to create support among group members based on those who have walked a specific caregiver path before.

(The PSAC was created by, and is ran & organized by local parents)

The Parent Support and Advisory Council (PSAC) meetings are set currently once a month on a Wednesday, from 6:15-7:45 PM.

They meet at the GCBDD office at 245 Valley Road, main conference room. Refreshments provided; childcare also available.
